

Let's be friends.

A TRIBUTE TO MRS. AUDREY WILSON FROM THE CLASS OF 1971.

Mrs. Wilson:

During the past three years we have come to know and respect you. Your knowledgeable understanding has been a great inspiration to us all. You have taught us the meaning of, and concern for our chosen profession, standing by us when we required guidance and encouragement.

Mrs. Wilson, you have not only been a teacher and counsellor but have contributed much to the pleasure and planning of our interne year for which we are most grateful.

Your thoughtful, attentive concern for our problems and ideas has given our careers greater meaning. We have learned from you that it is not rightness or wrongness, but faith in our ideals and beliefs that inevitably will assist us to realize our ultimate goals.

Sincerely,

CLASS '71

Sue English

President of Student Government
of O.G.H.

As President of the Student Government, I would like to take this opportunity to thank the Student Council for their co-operation and their assistance with the many problems brought before us this year.

If you, as students, feel that the council has failed in fulfilling its purpose, then I ask you why; for its success depends on the efforts and support of each member of the organization.

On behalf of the Student Council I would like to thank Miss G. Hill for her guidance and knowledge.

I extend "good luck" to the Student Council of 1972 and wish success to each individual.

EDUCATIONAL STAFF
THANK YOU FROM CLASS '71

Miss G. E. Hill
Director of Nursing
Education

To the Class of 1971

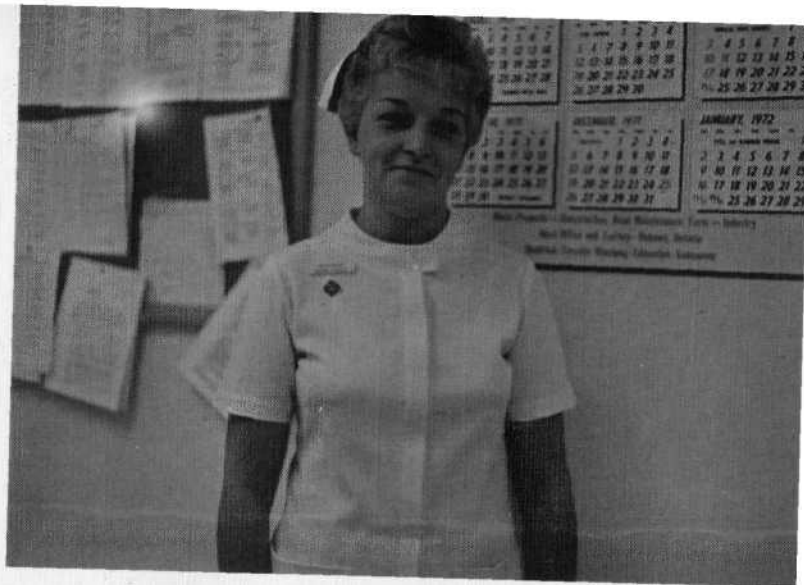

Congratulations to the Class of 1971 from the Faculty of the School of Nursing. We are proud of your accomplishments as the first Nurse Internes. For the past three years you have lived through and made an historical niche in the evolution of nursing education. As the future unfolds, we hope - that you can look back with pride; that you will retain an open mind regarding future developments; that you will help to guide the footsteps of those who follow you; and that you will ever be mindful of the "needs" of mankind in sickness and in health.

We wish you success and happiness as Graduates.

THANK YOU, MR. McLAUGHLIN

We, the class of 1971 appreciated the honour of having
our pictures taken on our graduation afternoon in the beautiful gardens
of Parkwood. It was a pleasure to carry the bouquets of red roses which
were your gift on graduation day and to have our pictures in your
garden near the fountains.

Our graduation coincided with the month in which you celebrated
your hundreth birthday. Please accept our good wishes for many more
happy years.

Class of 1971

VALEDICTORIAN ADDRESS

Mr. Chairman, Honoured Guests, Ladies and Gentlemen

Three years ago, on September 23, 1968 we crossed the threshold of McLaughlin Hall and Alexandra Residence - nervous, apprehensive and very excited. Little did we know that "this day" September 17, 1971 would approach so quickly.

Every Tuesday afternoon, the Faculty of Oshawa General School of nursing met to plan our classes. At 4:00, 4:30, 5:00 they emerged with severe headaches hoping that everything would fall into place. I am sure that each and every one of our teachers found our first year a challenge to organize as we were the first class to have a nurse interne experience. Although our course appeared uncertain to us at times, they managed to keep us very, very busy.

We were the first class to attend Durham College of Applied Arts and Technology. Our subjects varied from Sociology to the History of the English Language. (Remember that familiar phrase, "read and study thoroughly")

Our second year brought with it more work on the clinical areas with an introduction to Paediatrics, Obstetrics and Psychiatry.

Psychiatry was a different kind of challenge. Here we gained insight into the behavior and personality of our patients, and also learned a great deal about ourselves.

The third year, our internship year, was indeed unique. We have assumed the role of a nurse interne. Much Planning between the School of Nursing, Nursing Service and the Medical Staff was necessary. What responsibilities would the Internes have? How would the role be defined?

As an Interne our role did change and we then became members of the ward staff. With this opportunity, our confidence in our work increased greatly. I believe this year will help us to accept the role of a graduate nurse with more assurance and understanding.

At this time I would like to thank the Doctors, Nurses, Nursing Assistants, Aides and Orderlies for their assistance and support. I know, at times, your patience must have worn thin with our constant questioning and inexperience.

If you cast your eyes around the auditorium, you will see many proud faces - those of our parents. Thank you Mom and Dad for your love and encouragement through these important three years. We cannot express to you how much your silent presence has meant. How many times did we telephone and ask for more money or just need your understanding shoulder to cry on.

There are other parents here tonight who must be equally as proud of their graduates. These are the parents of Radiology and Laboratory Technicians. These Technicians have had the opportunity to be involved with new methods which help to give a rapid diagnosis for more complex treatment. We wish each of you every success in your chosen field.

This month brought to us another happy occasion - that of the 100th birthday of Colonel R.S. McLaughlin. These roses which we so proudly carry tonight are a gift from this kind gentleman. Thank you, Colonel McLaughlin and a Very Happy Birthday wish to you.

We wish to express a special thanks to Miss Hill, Mrs. Wilson and our teachers. Much of what we have learned is through your untiring efforts.

To our "little sister and the Class of '72, a word of wisdom", Study for your Registration Examinations.

And now I would like to direct my speech to our class, the Class of 1971. I am sure that all of us will cherish these past three years with memories of both the joys and the sorrows which we have shared. Now we have reached our goal, and although many of us must have to say goodbye, with luck and good planning, our paths may cross from time to time.

In conclusion, may I leave this thought, "Let today embrace the past with remembrance and the future with longing".

SO MUCH FOR FIRST YEAR...

TWO WORDS

They come;
With love in their heart,
Hope in their soul,
Compassion in their aim,
Kindness in their hands,
Gentleness in their manner,
And youth in their faces.
They come;
The student nurses of O.G.H.

Dan Johnson

It's Nice To Be Remembered

It's nice to be remembered
Though the aching years divide
You're young again and those you loved
Are walking by your side,
Telling a story line on line
Of friendship tried and true
That you're remembering them today
As they remember you.

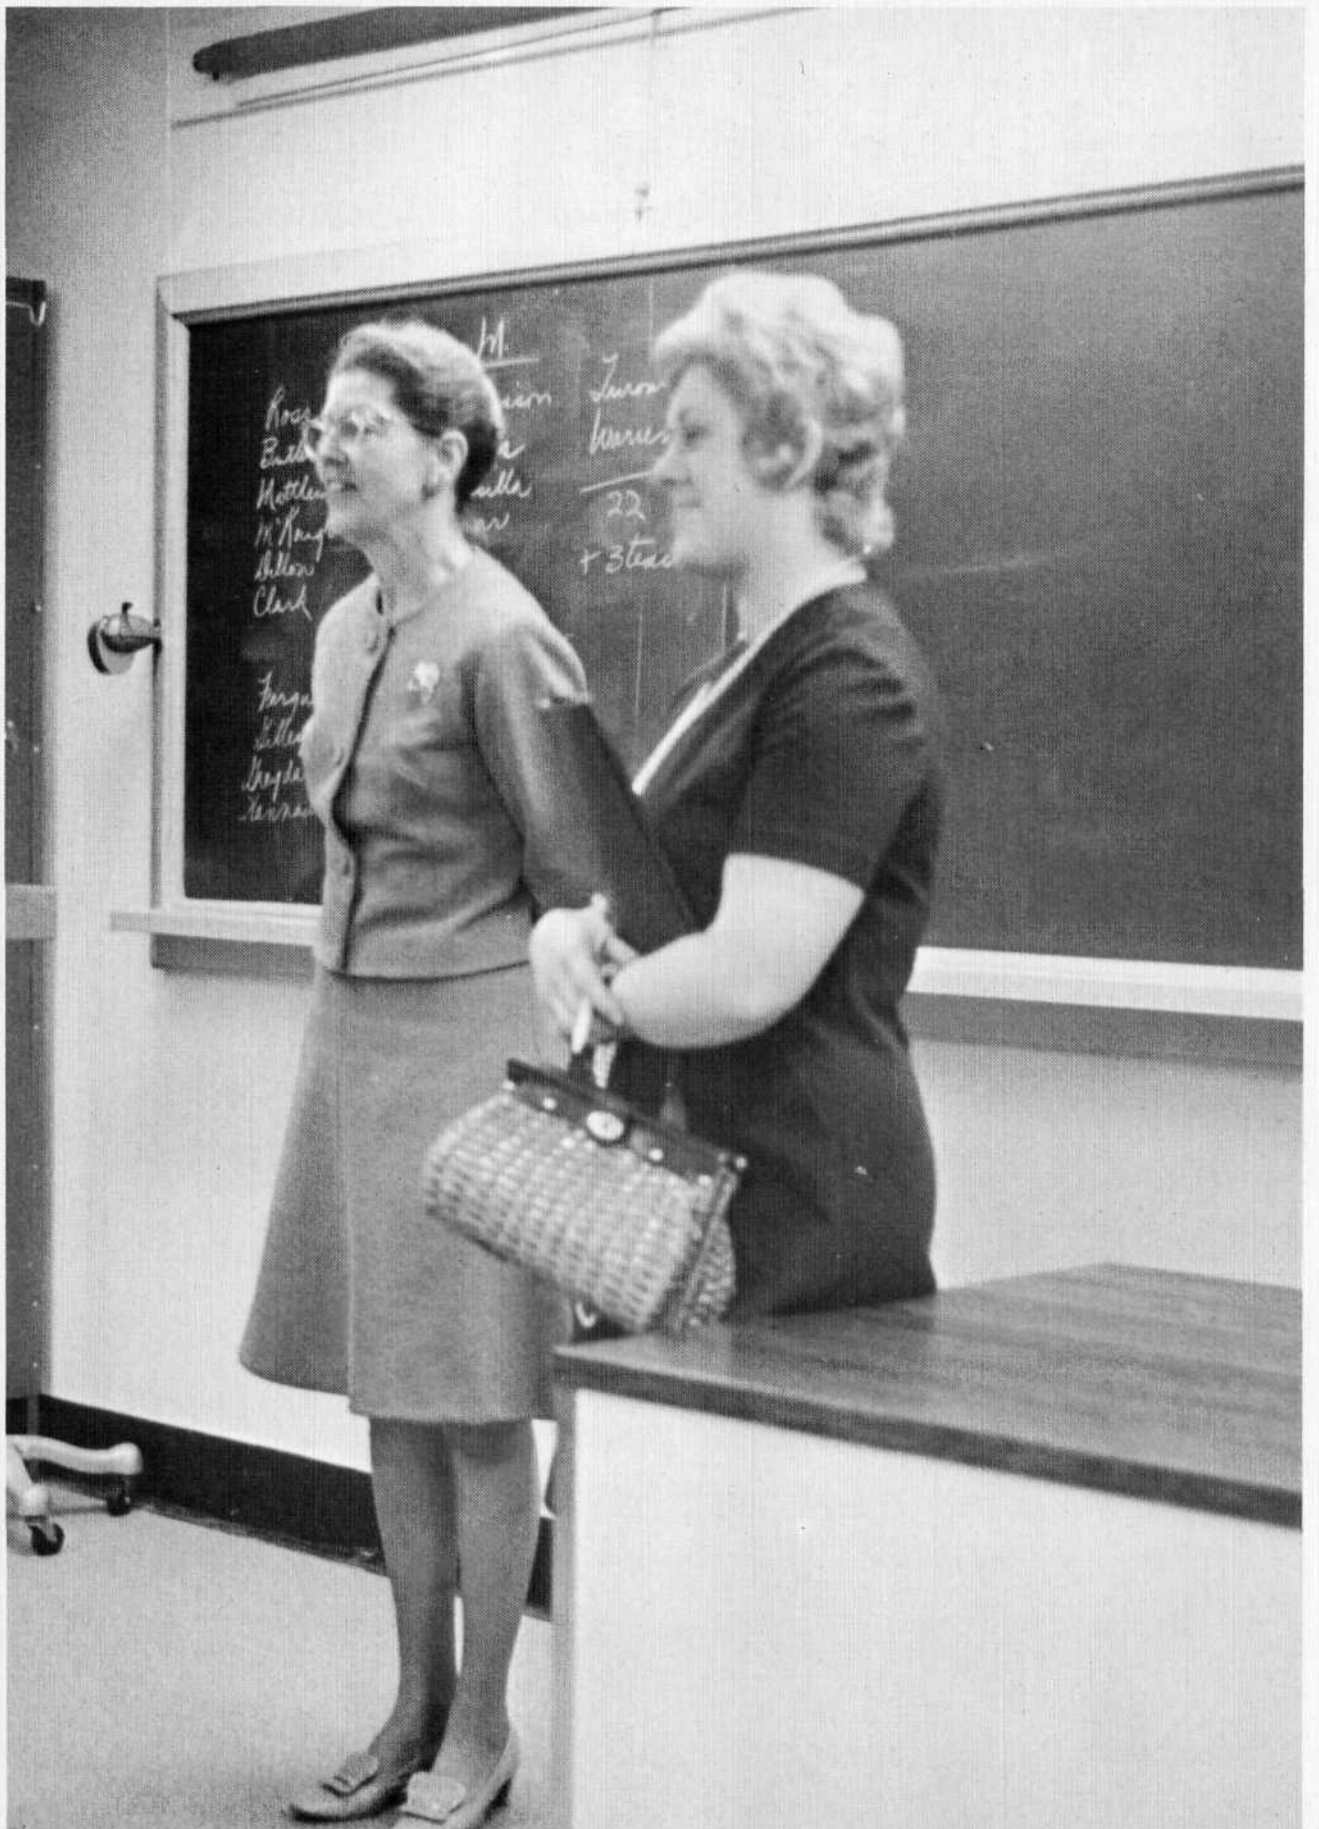

It's nice to be remembered
As the years are creeping up
To drink the wine of memory
From friendships' golden cup.
And hear again the lovely words
"We wish you joy today
May each New Year bring you happiness
As you go on your way."

This is just a rhyme to tell you
In my hesitating way
That I hope you'll share the gladness
Of my Graduation Day.

I'm a nurse—my training's ended
The goal I sought is here.
At times it was hard; but I always felt
Your kindness was ever near.

A poet has said, "there is nothing
As rich as a friendship that's true"
Yours was a treasure I cherished
Yours a value I knew.

And thus, as my heart is so happy
And I finish this short bit of verse,
I am grateful, and thank you for all you have done
That's "My Thought" as a Graduate Nurse.

To All of you who guided us
 Our tribute we would pay,
 For support that you have given
 When 'things' were bright or gray.
 At times, we may have disagreed
 With what you had to say.
 Your advice was really helpful -
 We've learned to our dismay!!
 It was our needs you tried to meet
 In classroom, ward or play
 We were glad to have you with us
 On Graduation Day.

A MESSAGE FROM THE ADMINISTRATOR

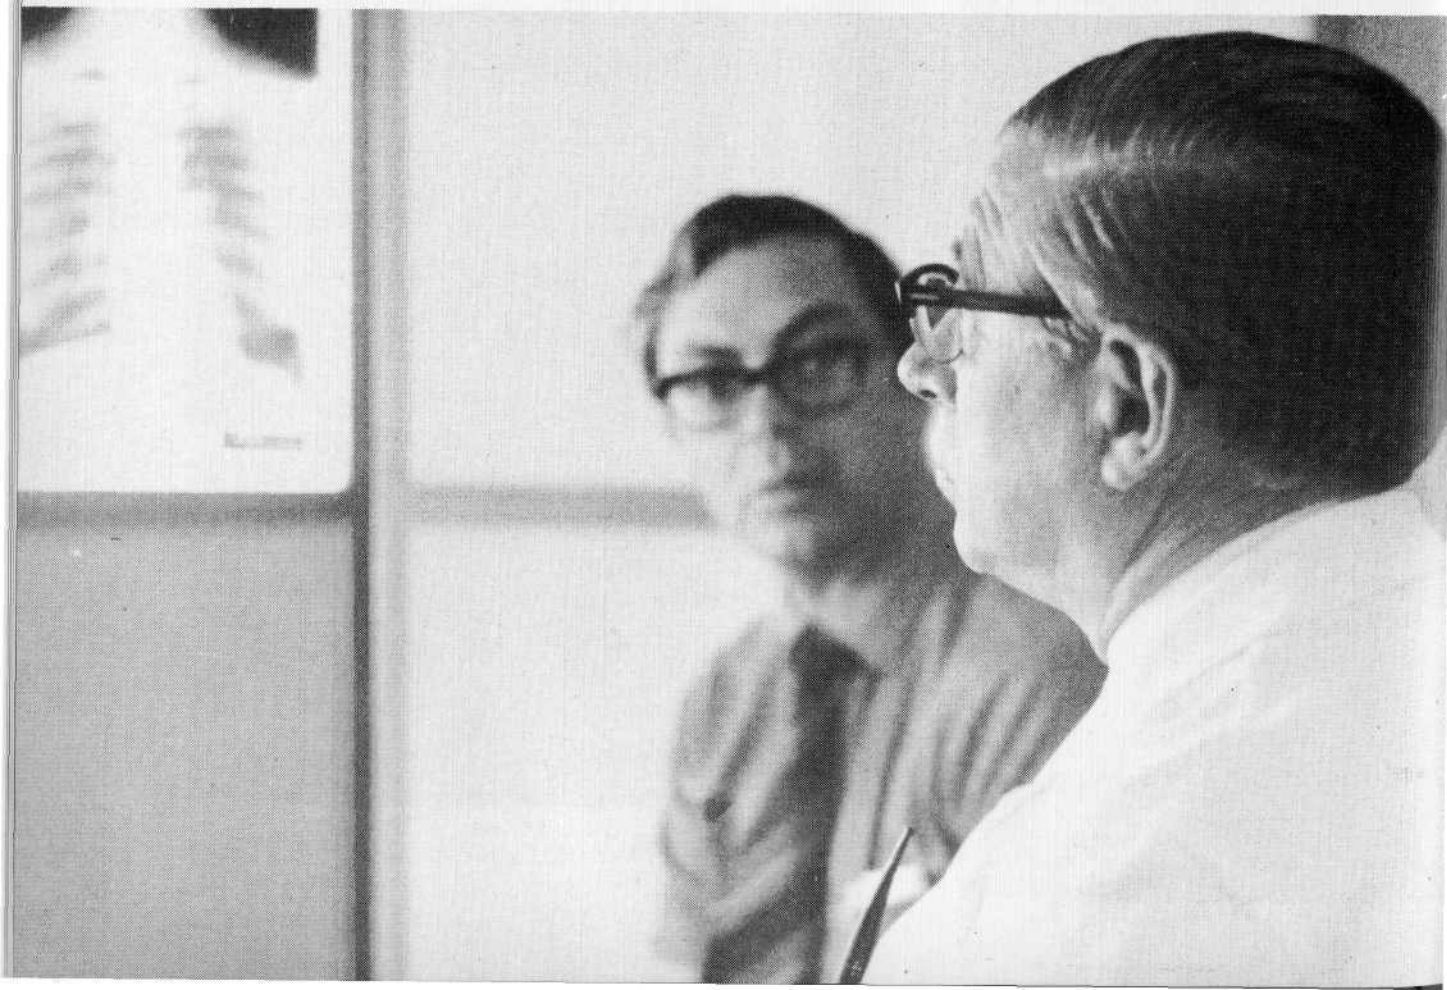

The Board of Directors and Hospital Staff are proud to extend sincere congratulations to the Graduating Class of 1971. The quality of our Graduates has always been beyond reproach and we are confident that your Class will uphold this tradition.

We are all pleased that you chose the Oshawa General for your training, and wish each of you much success and happiness during the coming years.

To the Staff of the 1971 Yearbook "Pulse" I wish to extend many thanks for having patience and perseverance while helping to put our yearbook together.

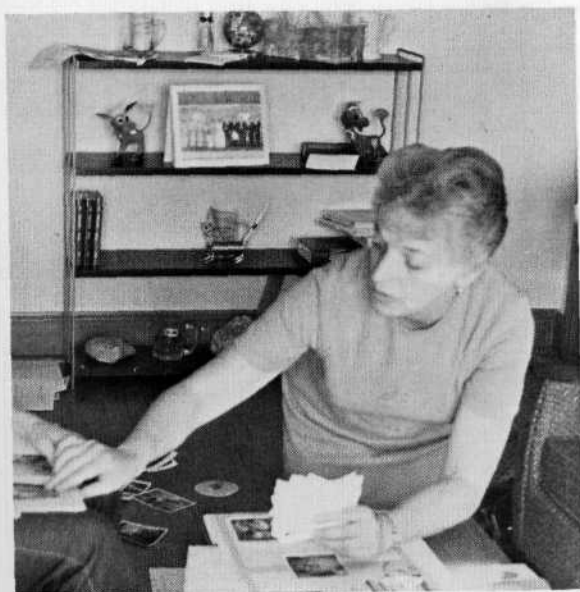

This has been a difficult year for publishing a yearbook but no matter how often we felt we wanted to scrap it all in the wastebasket and forget it even existed, the outcome is a yearbook and I think you'll agree a well earned one.
